Part Code	Description	Height or Equivalent	Width or Equivalent	Length or Equivalent	Weight	Safe Working Load*
CA-600-KIT	Cantilever Arm Kit – 600mm	750mm	41mm	600mm	9kg	190kg per arm
CA-450-KIT	Cantilever Arm Kit – 450mm	750mm	41mm	450mm	8kg	250kg per arm

The safe working loads quoted are for a concentrated load located at the mid-point of the arm.

* It is the installer's responsibility to ensure that equipment weights do not exceed the safe working loads quoted and that the roof structure onto which these products are being applied is sufficiently sound to withstand the weight and point loading. If these products are used in contact with a PVC roof membrane the installer should seek advice from the membrane manufacturer on the possible migration of plasticizers, and the effect of this on the roof guarantee. These products should not be used for any purpose other than that for which they have been designed, and the products must not be modified in any way. Pump House accepts no liability for damage caused by the incorrect application or installation of these products.

The Pump House sales team are available to answer your questions or queries on this product. Our experts are waiting for your call **+44 (0)115 900 5858** or if you prefer send an email to **sales@pumph.co.uk** or visit **www.pumph.co.uk**
