

G2G-Coil+

Pre-diluted alkaline based condenser coil cleaner

G2G-COIL+

G2G-Coil+ is a pre mixed heavy duty alkaline based evaporator coil cleaner offering excellent cleaning performance on indoor coils. Its non-rinse formula is highly effective at eliminating odours and reducing slime build-up. It is non-toxic and safe for use with condensate pumps.

- **Heavy duty formula for superior cleaning performance**
- **Non-Rinse – Non-Toxic**
- **Safe for condensate pumps**
- **Eliminates odours and reduces slime in drain trays**

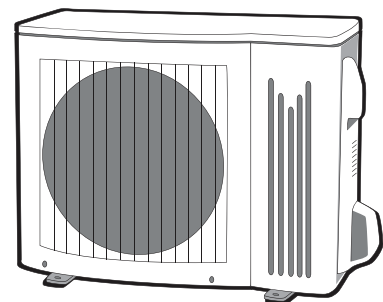

INSTRUCTIONS:

- Wear eye or skin protection when mixing and applying chemicals.
- Use G2G-Coil+ straight from the trigger bottle.
- For commercial units, fully saturate the coils with the unit running if possible. If the unit cannot be operated whilst cleaning, turn it off. Saturate coils and leave to react for 5 minutes. Normal operation can then be resumed.
- Condensate from unit operation will flush contamination from coils. No rinsing is necessary.
- For window units, shut unit off, spray coil thoroughly and leave to react for 5-10 minutes. Resume operation.
- For additional handling and storage information, please consult the Safety Data Sheet for this product.

Irritant

CAUTION : In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of soap and water. Wear suitable protective clothing, gloves and eye / face protection. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). This material and its container must be disposed of as hazardous waste. Keep out of the reach of children.

Material Safety Data Sheet available for professional user on request.
