

Pro-Green+

Environmentally Friendly Universal Coil Cleaner

PRO-GREEN+

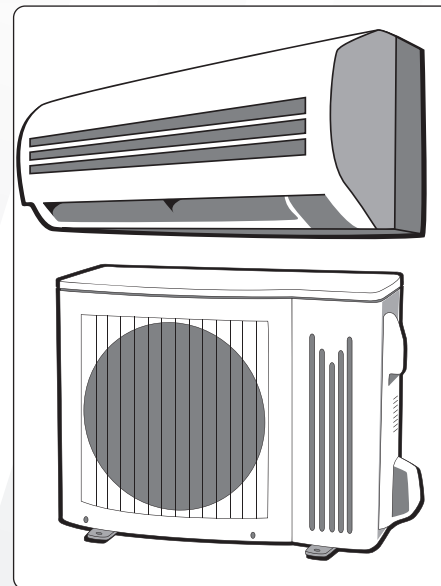

Pro-Green+ is a unique coil cleaner made from readily biodegradable components derived from natural, sustainable sources that delivers outstanding cleaning performance for both indoor and outdoor coils. Pro-Green+ removes dirt and stubborn build-up from coils to restore their appearance and performance. Pro-Green+ is safe for all metals and roof surfaces. It delivers excellent cleaning performance and environmental responsibility.

- **Non-toxic, non-corrosive**
- **Effective on indoor and outdoor coils**
- **Readily biodegradable and safe with condensate pumps**
- **Safer on the user and the environment**

INSTRUCTIONS: Wear eye and skin protection when mixing or applying product to avoid irritation. Turn off unit before cleaning. For condenser coils: mix 3 parts water with 1 part Pro-Green+. For evaporator coils: mix 6 parts water with 1 part Pro-Green+. Spray product onto coils. For best results, begin spraying at the bottom of the coil and work upwards, then re-spray the entire coil. Allow the product to penetrate and lift soil for 5-10 minutes then rinse condenser coils thoroughly with water. Evaporator coils may be rinsed if the condensate does not thoroughly flush the soil and cleaning product from the coil. Return the system to service.

| MIX RATIO | |
|----------------------|-----------------------|
| 6:1 INDOOR | 3:1 OUTDOOR |
| Makes 35 Litres | Makes 20 Litres |

CAUTION : Irritating to skin and eyes.

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

After contact with skin, wash immediately with plenty of soap and water.
