

# Sure Shot™ AC/R Stop Leak

## Sure Shot™

Partners AC/R Stop Leak & Eco Boost

Sure Shot™ is a compressor-friendly method of permanently sealing leaks in AC/R systems. Eco boost reduces noise and energy consumption, extends compressor life, plus eliminates 10 drops of water. It also enhances sealant performance, increases drier efficiency, while preventing acid/waxing formation.

1. Turn the system off.

2. Remove syringe cap and connect the hose.

3. Connect bleed fitting to the hose end.

4. Push down syringe plunger to remove air from hose and remove bleed fitting.

5. Connect the hose fitting only to the low pressure service point.

### Features

- Permanently seals and prevents leaks in AC/R systems
- Eco Boost reduces noise and eliminates moisture
- Polymer-free, compatible with all oils & refrigerants

6. Turn system on and immediately inject the product when the suction pressure is at its lowest.

7. Disconnect hose from the system.

| Part Code | Description                          | Qty                           |
