## Craig's Leaving Night Out (29/06/2017)

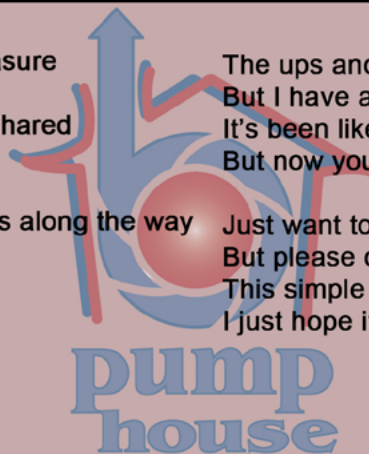

Working with you has always been a pleasure  
Now it's time for a bit more leisure  
Countless memories over time we have shared  
And every day you show you cared

You have been known to lose a few things along the way  
But now you have decided not to stay  
Out with the old in with the new  
You have been one of my chosen few

The ups and downs we have been through  
But I have always stuck with you  
It's been like a marriage and we never divorced  
But now you can get more time on the golf course

Just want to wish you all the best  
But please don't forget your backrest  
This simple poem is no fancy award  
I just hope it hits the right chord

- Dave Bass to Craig Peebles

## NEW PRODUCT:

**DIVERSiTECH**

**Flexi-Patch™**

Partners

Repair Patch

### Features

- Extremely durable fibreglass reinforced patch
- Flexible and waterproof
- Weather and UV resistant
- Temperature safe from -30°C to 365°C
- Will not shrink or expand during or after application
- Bonds to all surfaces except polypropylene
- Cures quickly - as fast as 5 minutes

## One year at Pump House!

That's it? To be honest, it seems like I've been working here forever. Is it a good thing? (laugh) I think it is – everyone made me feel welcome from the day I started and it made me so proud to work for Pump House as only one Slovakian woman in the company. When you are in a foreign country on your own – all these things make you feel loved and stronger.

I am not going to lie – so far it has been a great journey. I absolutely love my job (which woman wouldn't love installing the condensing guard, eh, woman V's guard?)

I love the opportunities I'm given in the company and within the industry, tasks and challenges I haven't faced before. I am grateful for the people I have met on my journey – either "online" or "offline" (digital marketer, huh?) and I am honestly looking forward to what will happen next at Pump House.

Thank you all for making my first 12 months memorable!

Karina

# CLIGHT

## Pump House lights the way

We now stock an exciting range of **CLIGHT** **Hi-Power** hand torches, inspection lamps and work lights. This includes the **SEEKERmax™** and **SEEKERmini™** range of UV inspection torches featuring constant, focused and strobe settings for leak detection work.

Also available is the **HEMIPLUS™** range of Hi-Power rechargeable super bright work lights with

patented **Uni-Beam™** technology giving 70° perfect beam and offering up to 8 hours' runtime between charges and fast 4-hour re-charge.

(Pivot™)

(Focus and Strobe)

Included in the range are the **CLIPSTRIP™** range of rugged pivoting hand held pocket torches including the waterproof **CLIPSTRIP™ AQUA** and the **Pivot33 LED** torch with magnetic base.

All the torches and lights in the range use the latest generation LED energy efficient technology to combine super bright light with long battery life.

So for full details of the **CLIGHT** range of lights give us a call or drop us an email at [sales@pumph.co.uk](mailto:sales@pumph.co.uk)
