

Flexi-Patch™

Repair Patch

Flexi-Patch™ is an easy to use flexible repair patch ideal for repairing almost any surface. It cures quickly using only UV light from sunlight or a UV flashlight for a long lasting, permanent repair. Flexi-Patch is a fibreglass reinforced polyester ideal for use on PVC, plastics, metal, wood, concrete and more. It's the easy way to permanently patch almost any surface. It dries hard for permanent repair. Can be trimmed, tapped and painted once dry.

Features

- Extremely durable fibreglass reinforced patch
- Flexible and waterproof
- Weather and UV resistant
- Temperature safe from -30°C to 365°C
- Will not shrink or expand during or after application
- Bonds to all surfaces except polypropylene
- Cures quickly - as fast as 5 minutes
